Love Your Neighbor Ministries

Healthcare Outreach

An outreach of compassion to people facing health-related needs and long-term care.

Who is Love Your Neighbor Ministries?

Love Your Neighbor Ministries exists to reach out in compassion to people in the full range of healthcare settings. Including hospitals, nursing homes, retirement communities, hospice care and private homes. Our purpose, stated simply is "Equipping Churches for Ministries of Compassion."

Our immediate objective is to minister to the people who are facing health changes, but our ministry also includes their families and caregivers as well.

This ministry takes primarily three forms.

First, our chaplains provide pastoral care in health care institutions.

Second, volunteers from local evangelical churches are trained for personal and group ministries, mainly to help people in nursing and retirement homes.

Third, we develop resources for training and equipping both our chaplains and volunteers and the general Christian public in issues related to aging and healthcare.

Latest Note:

We want to express our heartfelt appreciation for your loving expression of support. Your willingness to help us bring comfort and hope to others reflects God's heart for those in desperate need of His touch.

'Eleanor' was 'high society' in her day. Looking through photo albums during our nursing home visits revealed this along with a host of memories. Having outlived family and friends she felt alone and without a purpose. Exposing her to God's Word changed all of this. She began to see that our purpose is to bring God glory. She embraced the Gospel and her life was changed forever!

Serving Him with you, Dave and Teri Compton
